About me

A motivated and responsible Full-Stack Web Developer from Nairobi, Kenya. Lover of innovation and everything related to generating new knowledge,not only that, but sharing it with the community. I face problems with a smile and solve them as soon as possible. I have excellent interpersonal relationships.

Experience

Access Student Technical Mentor Volunteer, Moringa School: April 2020-July 2020

I offered technical support to access students by conducting stand ups and class check-ins, sharing research resources with the students and helped them learn remotely as they began their course at Moringa School.

Technical Mentor Intern, Moringa School: August 2020-November 2020

I led a group of volunteers under the Moringa graduate support program. I also offered technical support students as they learned remotely.
